First of all, fuck shills.
Now, if it hasn't become obvious to you at this point you're handicapped. Donald Trump will remain the President. There will be no transition. Remember the anon that said "you'll know he's gonna do it when he makes a speech shortly before Christmas"? Well it happened. He's prepping the population with information related to the election steal in order to justify what comes next. Whether it be the Insurrection Act or the Pence Card - doesn't matter: Trump will win. The media knows it full well which is why all the articles released in the past couple of days talk about "Trumps deeply dangerous plays to overturn the election". The only people who aren't aware are the leftists themselves.

Gentlemen - enjoy the holiday, grab a drink, and prepare for the biggest W of our lives.

Dems have also blocked an additional stimulus check for months to avoid making Trump look good in the run-up to the elections. Only now that the election is over are they 'willing' to sign off on another stimulus check that's entirely separate from the any bill.
